

Corrigendum to Request for Proposal for Central Agency for Monitoring– August 10, 2011

Dear All,

Subsequent, to the pre-bid meeting for the Request For Proposal for Central Monitoring Agency held at the Qutub Hotel on August10, 2011, please find below clarifications to the following salient points:

1. No. of Partners/ Training Providers: Currently 30 Training Partners and 6 Sector Skill Councils (SSC). However, bidder needs to develop scalable monitoring framework and monitor all projects and skill councils of NSDC. Every month, NSDC shall approve at least 4-6 Training Providers/ SSC, till the estimated training plan reaches the number of 200 million. NSDC may have 300+ Partners approximately by 2022.
2. Can bidding agency work with NSDC partners as consultant–Bidder need to sign Non Disclosure Agreement (NDA) with NSDC. Bidder should provide necessary document ascertaining arms length working process. Entities should have legally independent existence to avoid conflict of interest.
3. Page 4, Clause 7 : Evaluation of Proposal- point 3 – “The bidder must have minimum annual revenue of INR 50 lakh in project management during the three last declared Financial years.? Bidder need to submit needful work orders, letter from employers, letter of completion of work done and value of work done to substantiate.
4. Page 21 Format for Financial ProposalAnnexure III – Total Retainer fees for ProgramManagement (equals “B” multipliedby 9 instead of “C” multiplied by 9)

The above response is only indicative for your basic understanding and not binding on NSDC anyways whatsoever.

Thanks & Regards,

Jaikant Singh

Head - MIS & Monitoring
