Gurukul

Train the Trainer program

DELHI ■ MUMBAI ■ BANGALORE ■ HYDERABAD ■ CHENNAI ■ KOLKATA ■ VADODARA

Gurukul - Train the Trainer

The train the trainer program developed by HE is with a mission to train as many people as possible in defensive driving so that they can in turn take the role of a mentor and train others thus helping in reach the maximum number of people. This has been effectively done by HE over the years in many organizations where now their own people are equipped to train others in defensive driving and other aspects associated with it.

Gurukul - Road safety Advisor (GRSA)

To develop Road Safety Advisors who can in turn train/advise people and spread awareness on Road Safety aspects in their respective organisations or areas of operation on a regular basis.

Gurukul - Driving Instructor (GDI)

To develop Driving Instructors who can in turn train drivers on defensive driving in their respective organisations or areas of operation on a regular basis.

Gurukul - School Teachers (GST)

To train teachers on Road Safety norms so that they can teach their students/parents and imbibe a culture of road safety at the grass root level itself in their respective schools.

Gurukul - Post license driving Trainers (GPLDT)

To develop trainers who can carry forward the post license driver trainings focused on defensive driving and other aspects of road safety on a regular basis in their respective organisations/driving schools or area of operations.
