|               | - networking/connectivity  
|               | - operating system/software  
|               | - installation/configuration  
|               | - computer hardware  
|               | - account maintenance/access rights  
|               | - voice/telephone  
|               | - video call |

#### Performance Criteria (PC) w.r.t. the Scope

<table>
<thead>
<tr>
<th>Element</th>
<th>Performance Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>Customer Interaction and Handling</td>
<td>To be competent, the user/individual on the job must be able to</td>
</tr>
<tr>
<td></td>
<td>PC1. confirm to the internal/external customer that he/she has received the service request, empathizing with the difficulties caused</td>
</tr>
<tr>
<td></td>
<td>PC2. obtain sufficient information from the internal/external customer to understand the nature of the problem (related to networking/connectivity, operating system, voice/telephone or video call etc.) and perform initial diagnosis</td>
</tr>
<tr>
<td></td>
<td>PC3. support the customer remotely over the internet to test potential solutions</td>
</tr>
<tr>
<td></td>
<td>PC4. provide the customer with a reasonable estimate of resolution time, if an immediate solution cannot be found</td>
</tr>
<tr>
<td>Call Logging as per defined procedure</td>
<td>PC5. record and categorize the service request accurately as per organizational processes and policies</td>
</tr>
<tr>
<td></td>
<td>PC6. prioritize the service request according to organizational guidelines</td>
</tr>
<tr>
<td>Escalations of unresolved problems as per protocol</td>
<td>PC7. refer the problem to a competent internal/external specialist if it cannot be resolved by the helpdesk</td>
</tr>
<tr>
<td></td>
<td>PC8. obtain help or advice from specialist if the problem is outside his/her area of competence or experience</td>
</tr>
</tbody>
</table>
Interim Feedback to customer, in case of delays

<table>
<thead>
<tr>
<th>Process Compliances</th>
<th>PC9. monitor the problem and keep the customer informed about progress or any delays in resolving the problem</th>
</tr>
</thead>
</table>
| Knowledge and Understanding (K) | Process Compliances
| PC10. comply with relevant legislation, standards, policies and procedures |

**A. Organizational Context**  
(Knowledge of the company / organization and its processes)

The user/individual on the job needs to know and understand:
- **KA1.** relevant legislation, standards, policies, and procedures followed in the company
- **KA2.** how to engage with both internal and external specialists for support in order to resolve incidents and service requests
- **KA3.** service request procedures, tools, and techniques
- **KA4.** potential helpdesk customers and their typical requirements
- **KA5.** role and importance of the helpdesk in supporting business operations
- **KA6.** service life cycle and type of service offered by the helpdesk to the organization
- **KA7.** evaluate the adequacy of existing helpdesk feedback systems and suggest improvements

**B. Technical Knowledge**

The user/individual on the job needs to know and understand:
- **KB1.** how to receive and make phone calls, including call forward, call hold, and call mute
- **KB2.** how to send and receive e-mails
- **KB3.** typical problems raised by customers and their solutions, including workaround (alternate/situational) solutions
- **KB4.** typical response times and service times for problems
- **KB5.** the importance of documenting, classifying, prioritizing service requests received over voice calls, email or internet and incident reports
- **KB6.** helpdesk systems, policies, and procedures
- **KB7.** maintain a knowledge-base of the known problems
- **KB8.** the basic functionalities of the applications, hardware and/or access rights that are used by the customers

**Skills (S) [Optional]**

**A. Core Skills/ Generic Skills**

**Writing Skills**

The user/individual on the job needs to know and understand how to:
- **SA1.** document call logs, reports, task lists, and schedules with co-workers
- **SA2.** prepare status and progress reports
- **SA3.** record customers' discussions in the call logs
- **SA4.** write memos and e-mail to customers, co-workers, and vendors to provide them with work updates and to request appropriate information without English language errors regarding grammar or sentence construct

**Reading Skills**

The user/individual on the job needs to know and understand how to:
- **SA5.** read about new products and services with reference to the organization and also from external forums such as websites and blogs
- **SA6.** keep abreast with the latest knowledge by reading brochures, pamphlets, and product information sheets
- **SA7.** read comments, suggestions, and responses to Frequently Asked Questions
### Oral Communication (Listening and Speaking skills)

The user/individual on the job needs to know and understand how to:

- SA8. discuss task lists, schedules, and work-loads with co-workers
